Since the onset of the pandemic, the community is increasingly relying on TCAA services. Pre-COVID, TCAA served about 30,000 people per year across all programs to address emergency needs. Since COVID there has been a 14% increase in need. The Senior Program clientele need for services has increased 75% and more than doubled the amount of meals needed for weekly home deliveries.

Let's rally together to help fill the food pantry

Please mark your calendars for the upcoming food drive.
