Corona del Sol

Do you have Aztec pride?

Since 1978, Corona del Sol students have been dreaming big and reaching for excellence. Our faculty and staff challenge students to become more than they thought they could be and those who choose us find strength by becoming part of our diverse family.

Corona is a campus where students develop their interests and perform with passion, often receiving national recognition. They find a sense of purpose by giving back to those in need and helping the next in line. It is a place where students spend time with friends, show off their school spirit, and create memories.

Corona del Sol High School is also committed to providing a quality educational environment with comprehensive academic opportunities for each student. Upon graduation, Aztecs will acquire the knowledge and develop skills necessary to succeed in the college, career and life.

Extra-curricular activities thrive at Corona. The school has had numerous superior ratings in Fine Arts. CdS students have also earned many school-to-work program honors as well as newspaper, yearbook and art awards of excellence.
