

Summer Online Canvas Health Information Sheet

Class Requirements

- Every unit is due at 11:59pm on the due date. **There will be NO exceptions to this rule.** With the class being only 13 days, there is no room to fall behind. **Vacations, camps, work, or any other extra-curricular activities during the summer will not excuse you from turning the work in on time.** Please make sure you are signing up for the session that fits your schedule best.
- Please make sure to use your time wisely. Students should expect 4-5 hours of work per day, same as you would have going to a summer school class.
- You can work ahead in this course throughout the session. The course goes in sequential order, so you will not be able to skip units.
- You do not have to go to the Summer School Campus to take the final. This course is 100% online. Please note that the final can ONLY be taken on the last day of the session, regardless of when you finish the coursework. **The final will also be due by 3pm on the final day of the session...NO EXCEPTIONS!**
- **The 10 hours of Community Service is REQUIRED.** It counts as 10% towards your final grade. Failure to turn in the hours will result in a 10% grade reduction. **Hours from August 2018 on will be accepted.**
- Since there is no face to face contact in this course, you must be checking your emails daily for any announcements placed on the Canvas course or changes to the course calendar, etc. You can always email the instructor if any questions arise during the 13 days of the course.

Parents/Students

Please note that Synergy is not used during Summer Canvas Health. The grades, communication, and course work are entirely through the Canvas website. Please make sure that your log in information is correct and that you will be able to access the course starting on the first day of your session. You will receive an invitation from Canvas via email to the registered email that was used to sign up for Canvas. Please make sure you check with your counselor at your home school about which session you are signed up for. It is imperative that you know this information so you are able to log into the course on the first day and not fall behind.

For any questions, please feel free to contact Pete Salazar at psalazar@tuhsd.k12.az.us.
