

Schedule Changes

How do I request a Schedule Change?

(No teacher changes or lunch change requests will be honored)

Please note that schedules are created based on classes students requested in October. Many times there are conflicts that prevent a student's schedule from matching their request. Elective classes have limited availability based on staffing and classroom constraints. Not all schedule change requests are able to be honored.

Here is a list of schedule change requests that will take priority:

- **course was already completed (summer school for example)**
- **course needed for graduation or college admission**
- **missing a class period**
- **missing lunch**
