AGENDA ITEM	DISCUSSION	ACTION
LINK CREW/TAX CREDIT: GRIFFIN	Mrs. Griffin and a few link crew student members attended SBC to request tax credit funds to help send a group of 40 Link Crew members to a conference in Flagstaff on November 5. The conference tuition is \$375. The shared the importance of this conference and would like to learn from other Link Crew groups to make MHS Link Crew stronger and more effective. The council agreed and approved to use Tax Credit funds.	
SCHOOL SAFETY – FRANK MIRIZIO <ul style="list-style-type: none"> <li>• DISTRICT SAFETY COMMITTEE MEMBERS. (PARENT, TEACHER, STUDENT FROM SBC)</li> </ul>	As the Executive Director of Student Affairs/District Safety Mr. Mirizio is going around to all of the Tempe Union High School District schools and presenting how bond money is used to make the schools safe. He has attended various trainings on drugs, gangs, suspicious behaviors and school shootings with Administration, Police Departments and Home Land Security to learn and ensure safety. The Strategic Plan for Safety Committee currently has a parent, a student and a teacher from SBC serving on the committee along with an MHS Administrator. As the committee meets they will present information they have inquired to the SBC.	
NEW MARQUEE: HAZELL	Community involvement is very important to MHS in selecting a new marquee for the school; therefore Mr. Hazell did some research and presented the information he gathered to the SBC. Our current marquee is not productive as it is not readable. The new marquee will be an improvement with increasing the number of characters, have wireless access and improved visibility with animation. A new marquee will be a good promotional vehicle to communicate with the community about what our students do. The cost of the marquee has been built into the 5 year plan for capital spending, specifically for year three which begins July 1, 2015. The goal is to be prepared to purchase the marquee at that time.	Mr. Hazell will look into the procedures of local businesses donating to a new marquee and City of Tempe regulations.
TOPICS OF DISCUSSION:	For future meetings: <ul style="list-style-type: none"> <li>• Provide more safety with before and after school traffic</li> <li>• Student Achievement Data: AIMS score</li> </ul>
