Sudha Doshi-Parent	Bill Hubele-Certified	Mary Ruth Mori-Classified	Mira Theilman-Senior
Tyrone Fong-Certified	Madelyn Kartchner-Soph.	Tracey Olsen-Parent	Malique Washington-Junior
Steve Gibbons-Parent	Micah Kriston-Certified	Rory Ruelas-Certified	

AGENDA ITEM	DISCUSSION	ACTION
SCHOOL SAFETY COMMITTEE	Francesca Callicotte attended two District Safety Committee meetings. They discussed: (1) drug usage, (2) internet safety, (3) bullying, (4) logistics of school emergency shut-down, (5) adult/student contact.	
NEW MARQUEE: B. HAZELL	The current marquee is failing and will soon be unusable. The school’s five-year capital funding plan included replacing the marquee next school year. Mr. Hoffland was able to reallocate funds to replace it this year. Mr. Hazell has researched sign companies and selected three vendors. A discussion of the selection process ensued, including who would give input. Mr. Hazell will form a committee to work on selecting one of the three vendors in January. A second committee of approximately 12-15 people including some SBC members, assistant principals, coaches, club sponsors and students will then work with the vendor on the marquee design.	Mr. Hazell will form a committee to select a vendor.
SBC YEARLY FOCUS	<p>At the previous meeting the Council gave input regarding important topics for SBC to address this year. Mr. Hoffland asked that the Council narrow the topics to one or two discussion items, stating it would be better to impact a few topics significantly than to superficially address all of the items.</p> <p>Ms. Beikman mentioned that the State standards have changed and the assessment will be changing so it is important that we communicate those changes to parents. Mr. Hoffland will include “Assessment Update” as a standing SBC meeting agenda item. Then as the State releases more details of the assessment changes the Council can determine the most effective way to inform the community.</p> <p>Ms. Kriston discussed the importance of making the community more invested in the school by informing the community of the great things that are happening at MHS. Marketing our school should be a priority.</p> <p>Mr. Stone mentioned how very difficult the process is to be a volunteer at our district schools.</p> <p>It was indicated that getting more parents invested in the school will help with student investment as well. It is a fact that the more quickly students make a connection with their school, the more successful they are. The Link Crew program is great but we need to determine what other pieces can help in this regard.</p>	<p>Mr. Hoffland will present an update of the ADE assessment process.</p> <p>Mr. Hoffland will ask a rep. from District HR to come to address this.</p> <p>Mr. Hoffland will bring the results of the student survey conducted last spring to the next mtg.</p>
